

E-learning Internet Platform of the IULT

Instruction for students

1. General information

In order to use the e-learning platform, you must have an individual account. Accounts are created by administrators at the beginning of the semester. The login and password for the first logging is the student's book number. The password should be changed during the first logging (an appropriate message will be displayed).

2. Logging to the e-learning platform

In order to log in to the Internet platform, you have to:

- Visit our website www.elearning.mwsl.eu:8580 or <http://148.81.194.210:8580/> (figure 1)

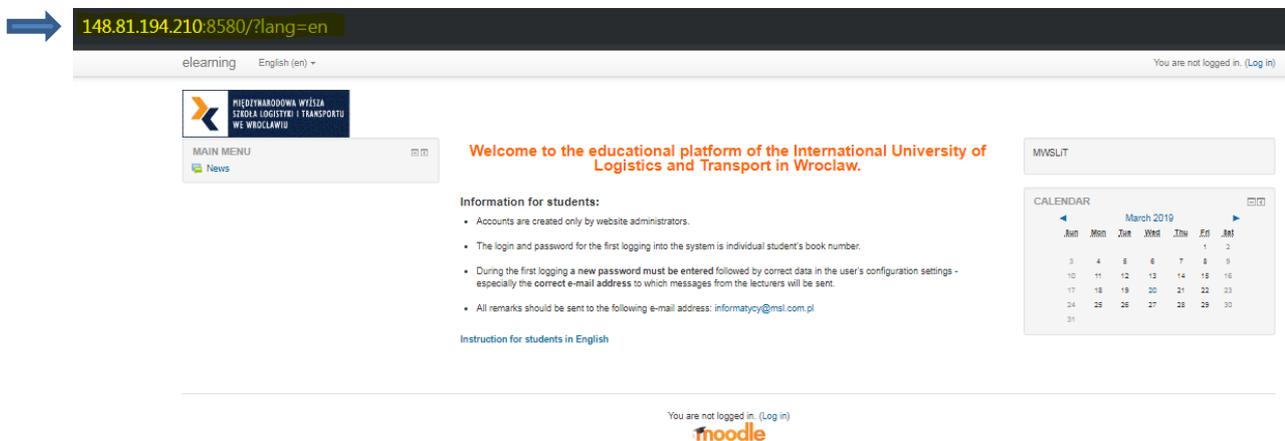

Figure 1. Home page before logging

- Click the box “Log in” situated in the upper right-hand corner and in the middle of the website
- Enter the received username and password paying attention to the size of letters and special characters
- Click the button “Log in” or ENTER

Attention! The platform available via the button - the "E-learning" link on the university's home page (www.mwsl.eu) **is not** the platform covered by this instruction.

3. Interface of the platform

After logging, the main window of the platform appears, divided into blocks (main page) (Figure 2)

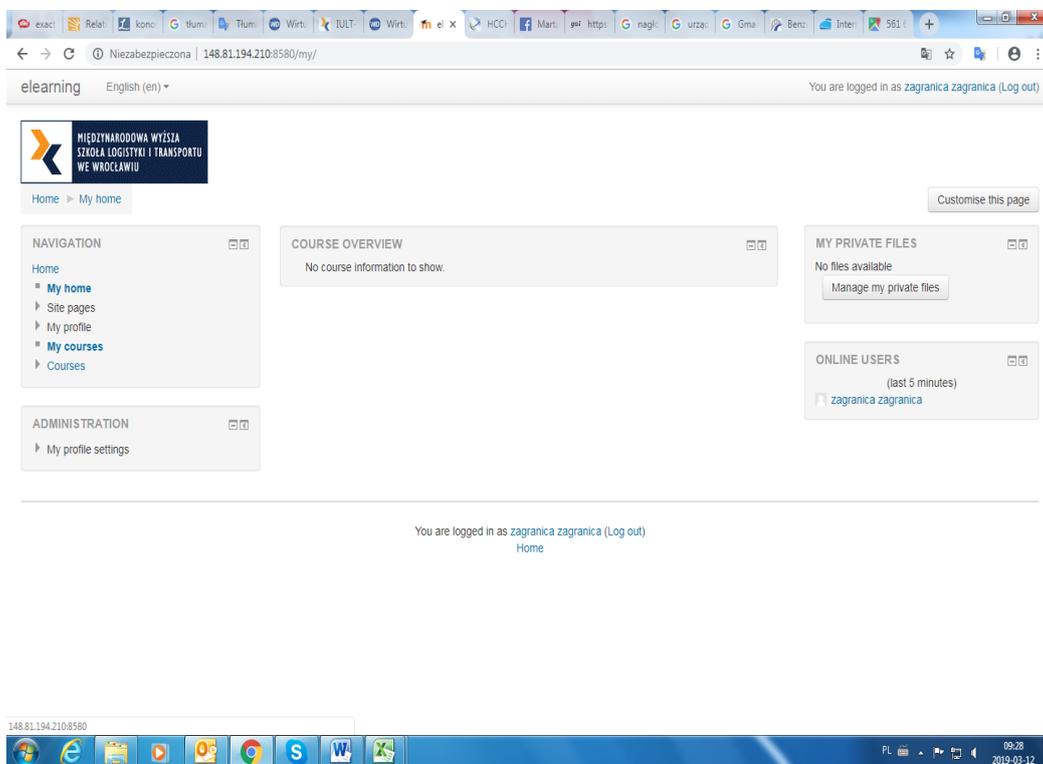

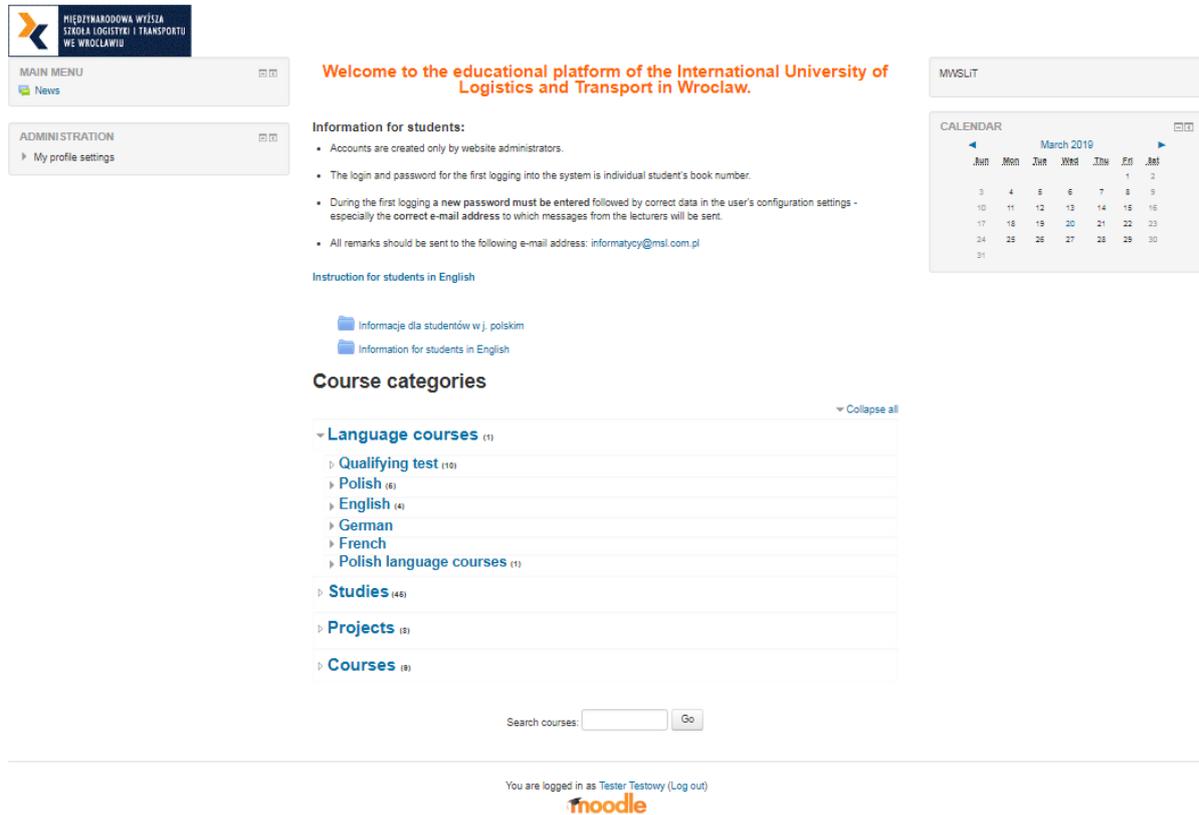

Figure 2. Main window of the platform

The middle panel contains the categories of courses (Figure 3).

Figure 3. Categories of courses

There is a block of the calendar on the right. (Figure 4)

CALENDAR

◀ Previous month March 2019 Next month ▶

Sun	Mon	Tue	Wed	Thu	Fri	Sat
					1	2
3	4	5	6	7	8	9
10	11	Today Tuesday, 12 March 12	13	14	15	16
17	18	19	20	21	22	23
24	25	26	27	28	29	30
31						

Figure 4. Block of the calendar

At the bottom of the page is a course finder. Enter the name of the course and choose the right one.

(Figure 5)

The screenshot displays the educational platform interface. On the left, there is a navigation menu with 'MAIN MENU' (containing 'News') and 'ADMINISTRATION' (containing 'My profile settings'). The main content area features a welcome message: 'Welcome to the educational platform of the International University of Logistics and Transport in Wrocław.' Below this, there is 'Information for students' with a list of instructions, an 'Instruction for students in English' link, and language selection options for Polish and English. The 'Course categories' section is expanded to show 'Language courses' (11), 'Studies' (45), 'Projects' (8), and 'Courses' (9). A search bar at the bottom is labeled 'Search courses:' with a 'Go' button. On the right, a 'CALENDAR' widget shows the month of March 2019, with the current date, Tuesday, 12th, highlighted. The calendar grid shows days from 1 to 31.

There is an administration block on the left below. With its help you can edit the profile settings, a given course or activity (Figure 6)

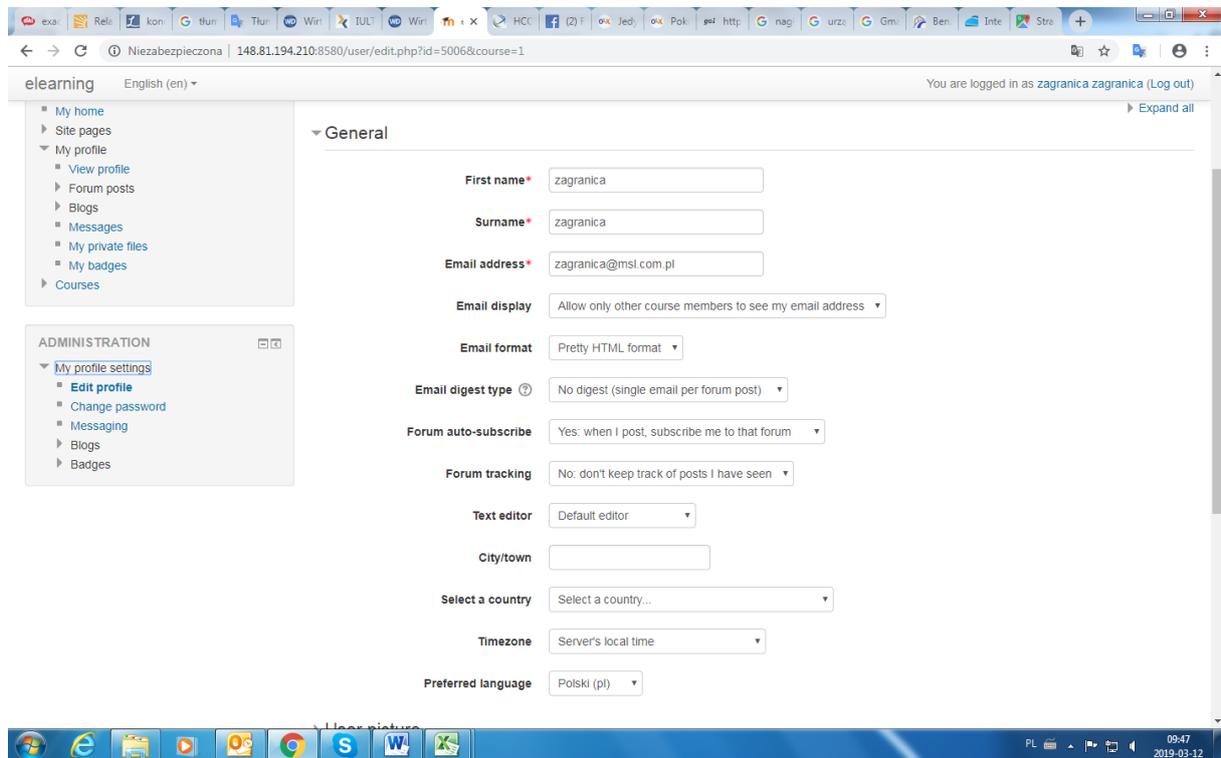

Figure 6. The administration block

4. Courses

Students, along with assigned tutors who publish materials for students, participate in moodle's courses. One lecturer can conduct many courses. A student can also participate in many different courses.

The courses are created by the administrators at the request of the lecturer. Students are enrolled for courses by lecturers or administrators in accordance with the subjects carried out in a given semester.

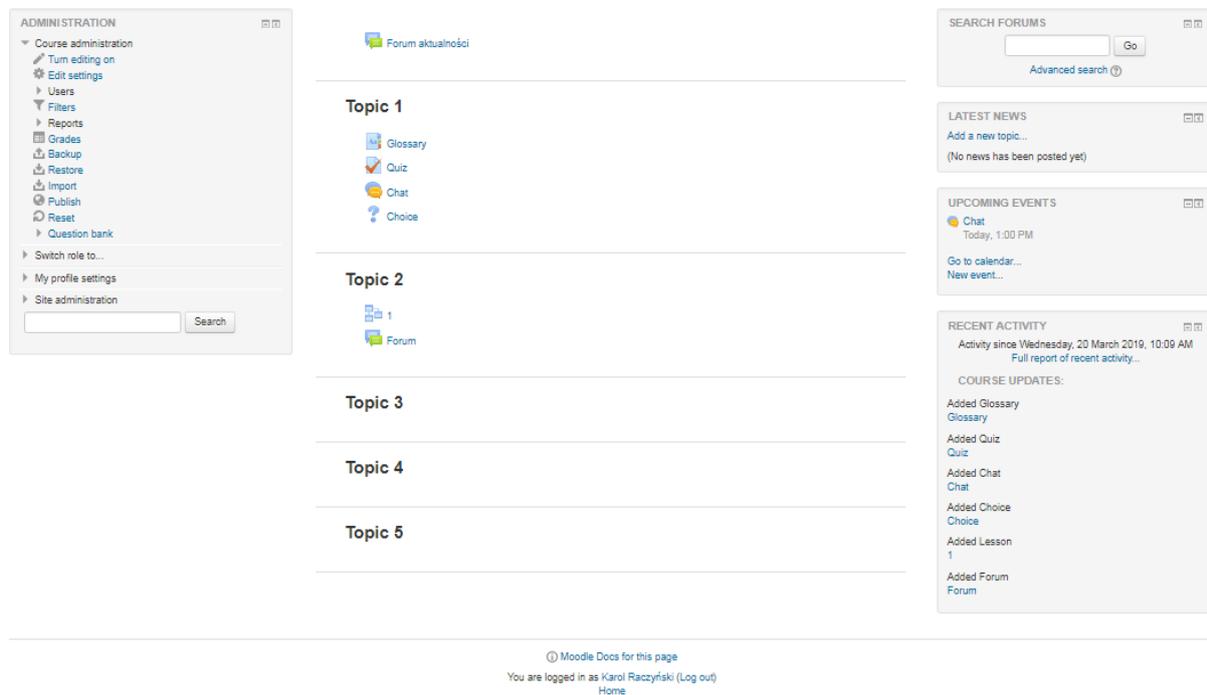

After creating the course and assigning a lecturer to it, it is possible to enter the course website. In order to do this you have to:

- Log in on the e-learning platform
- Choose a course from the appropriate category by clicking on it, e.g.

Studies -> Full-time -> Logistics -> Bachelor -> Semester 4 -> Law

Or choose a course from the block "Navigation" -> "My courses"

The course page contains a list of blocks called topics (Figure 7). The students' materials are attached to these blocks, here called activities or resources.

The screenshot displays a Moodle course page. On the left is an 'ADMINISTRATION' sidebar with options like 'Course administration', 'Users', 'Filters', 'Reports', 'Grades', 'Backup', 'Restore', 'Import', 'Publish', 'Reset', 'Question bank', 'Switch role to...', 'My profile settings', and 'Site administration'. The main content area is titled 'Forum aktualności' and lists five 'Topic' blocks. 'Topic 1' contains 'Glossary', 'Quiz', 'Chat', and 'Choice' activities. 'Topic 2' contains a 'Forum' activity. 'Topic 3', 'Topic 4', and 'Topic 5' are currently empty. On the right side, there are several utility blocks: 'SEARCH FORUMS' with a search box and 'Go' button; 'LATEST NEWS' with a link to 'Add a new topic...'; 'UPCOMING EVENTS' showing a 'Chat' event for 'Today, 1:00 PM'; and 'RECENT ACTIVITY' listing course updates such as 'Added Glossary', 'Added Quiz', 'Added Chat', 'Added Choice', 'Added Lesson 1', and 'Added Forum'.

Figure 7. Sample course page

5. Closing remarks

The above course titled “it_test” is only an example. The actual pages of the courses may look different.

Access to the resources of the platform is limited and refers to current courses carried out by a student. In other words, it is not possible to access courses that a student does not pursue in a given semester.

Currently, not all courses are available in the form of e-learning. Students are enrolled only for those courses where materials are available.

In case of any problems with the access, please contact us at informatycy@misl.com.pl
